

Legend: Large decrease (Red), Small decrease (Orange), No change (Yellow), Small increase (Light Green), Large increase (Dark Green)

These E-Modis NDVI time series maps show the changes in vegetation month-on-month from Jan 2005 to Aug 2024 (Short Term Average). The multiple orange/red markings indicate deficits in vegetation when compared to STA while the greenish areas indicate vegetation improvements. Note: The yellow areas should not be confused with existing vegetation. Areas predominantly yellow indicate there is relatively no much change of vegetation when compared to STA.
