

Note: FSNAU EW-EA database and dashboard (<http://dashboard.fsnau.org>) was developed through a consultative process and uses data on a diverse range of indicators (climate, market, nutrition, health, population displacement and insecurity) that have been assigned individual thresholds for Normal, Alert and Alarm.

The EW-EA time series chart shows trends in the number of Early Warning indicators that are in 'Alarm' phase month-on-month from 2015 to 2026.

Data Source: FSNAU/FEWS NET for market data; USGS/SWALIM for rainfall, NDVI and Combined Drought Index; Nutrition Cluster for data on admissions, Federal Ministry of Health and WHO for data on health indicators and UNHCR for population movement; ACLED for data on insecurity.
