Qiyaastii 839 000 carruur ah ayaa loo badinayaa inay nafaqoxumo aad ah ay heysos

4ta Bisha 2aad, 2021, Muqdisho/Washington – Dhibaatooyin isbiirsadey ooy ka mid yihii roobabkii Deyrta oo ku liitay dalka intiisa badan, fatahaado ka dhacay webiyada, xaalufka Ayaxa Saxraawiga, iyo saameynta COVID-19 iyo colaadaha ay ku yeesheen dhaqan-dhaqaalaha waddanka ayaa illaa 2.7 milyan oo ruux oo Soomaali ah ayaa la filayaa inay wajihii doonaan cunno yari ba'an ama hantidooda oo sii baaba'da taasoo astaan u ah Cunno yari Ba'an (IPC Phase 3)1 ama natijjooyin kasii liidata illaa Bisha 6aad 2021 haddii kaalmada baniiadminnimo ay meesha ka baxdo. Waxaa iyana, 840 000 carruur ah oo ka yar shan sano ayaa loo badinayaa inay nafaqoxumo ba'an ay haleeli doonto, waxaa iyana ka mid ah 143 000 carruur ah oo iyagu nafaqoxumo aad u daran ay ku dhici doonaan. Xaaladda manta wey kasii liidan lahayd haddii aan la ballarin lahayn kaalmada baniaadminnimo ee hayadaha iyo taageerada dawladda tan iyo bishii 7aad 2020. Illaa ugu damabeyn bartamaha 2021, Ayaxa Saxraawiga ayaa weli qattar weyn kusii ahaan doona inuu baabi'iyo dalagga beeraha iyo daaqa ee Soomalaliya oo idil. Saadaasha iminka la hayo ayaa u badineysa in roobabka bilaha 4aad – 6aad ee xilliga Guga 2021 ay noqdaan kuwo ka hooseeya sidii caadiga ay ahaan jirtay dalka intiisa badan lagana yaabo in waxyeelo u geystaan natijjooyinka sugnaanta cuntada iyo nafaqada. Natijjooyinkani waxay ku salaysan yihiin go'aannadii kasoo baxay kormeerkii sugnaanta cuntada iyo nafaqada ee laga sameeyaey dalka oo idil dabayaqaqadii xilligii Deyrta ee Bilihi 11-aad-12aad 2020. Koormeeka iyo falanqeentii ku xigtayba waxaa si wada jir ah u hogaaminayey Heyadda Falanqynta Sugnaanta Cuntada iyo Nafaqada ee Soomaaliya (FSNAU, waa mashruuc ay maamusho Heyadda Dhuuniga iyo Baeeraha ee Qaramada Middobay FAO), iyo heyadda Wada-shaqeynta Nidaamyada ka Digista Macaluusha (FEWS NET oo ah mashruuc ay maalgeliso USAID) waxaa iyana si xooggan ka qeyb qaatay wasaaradaha dawladda, Qaramada Middobay, iyo hayadaha samafalka ay wada shaqeyntu naga dhexeyso.

Xilli roobeedkii Deyrta 2020 ayaa ku sifoobay kuwo dib u dhacay, teelteel iyo kalsooni la'aan ah. Guud ahaan, Roobabkii xilliga Deyrta waxay noqdeen kuwo ka hooseeya roobakii caadiga ahaa dalka intiisa badan. Roobabkaa liitay ayaa sababy in daaqii iyo biyihii aanay usoo kabanin si wax ku ool ah waxsoosaarkii beerahana ay ka hoos maraan intii caadiga ahayd. Waxaa ku darid mudan, in duufaanti Gati ee ka dhacadey xeebaha woqooyi-bari dabayaqaqadii bishii 11aad ay waxyeello weyn u geysatay xoolana ku dhammaadeen, balse waxay xallisay biyo iyo daaq xumudii. Waxaa intaa dheer, fatahaado isdaba joog ah oo dhacay intii u dhexeysay Bishii 7aad iyo horraantii Bishii 11aadaya sababay barakac hor leh iyo baabi'in dalaggii ku yiilay iyo dhul-beereedkii gobollada Hiiraan, Shabelle iyo Jubba. Inkastoo roobabkii Xagaaga/Karanta (Bilihi 7aad-9aad) ee gobollada Woqooyi-galbeed iyo Awdal ay waxtar u lahaayeen habnololeedyada beer-xoolodhaqatada balse roobabkani ma noqonin kuwo kasoo kaba beeraha waxyeeladii kasoo gaartay waxtar xumadii roobabkii xilligii Guga (Bilihi 4aad -6aad) oo iyagu isugu jiray kuwo la beerayey, qaar soo dhalanayey iyo kuwo korayey.

Wax-soo-saarka firida (badarka) ee xilliga Deyrta 2020 ee koonfurta Soomaaliya ayaa lagu qiyaasey 78,600 Tan, oo ah boqolkiiba labaatan (20%) celceliska waxsoosaarkii 1995-2019. Sabaha ugu waaweyn ee Keenay wax soo saarka firida inuu ka hooseeya celceliska waxaa ka mid ah: Roobkii Deyrta oo liitey, fatahaadiihii isdaba joogga ahay, Ayaxa Saxraawiga, iyo colaado sokeeye. Woqooyi Galbeed, wax soo saarka firida ee Gu/Karan 2020 ee la goostay bishii 11aad ayaa lagu qiyaasey 17, 100 Tan, waxayna ka hooseysaa boqolkiiba konton iyo siddeed (58%) celceliska waxsoosaarkii 2010 - 2019, sababaha ugu weyna waxay ahaayeen roob xumi iyo waxyeeladda Ayaxa Saxraawiga iyo dhuun-qabad saameeyey haruurka iyo Galleydaba.

Dadka reer miyiga ah ayaa la kulmaya hoos u dhac badan ee ilaha helitaanka cuntada iyo dakhliga. Degaanda xoolo dhaqtada, Robabkii da'ay oo ka hooseeyey heerka celceliska, qeybo ka mid ah gobollada waqooyi deegaannada deriska la ah ee bartamaha Somaaliya, xeebaha iyo gobolka Gedo ayaa sababay in daaq iyo biyihii ay gabaabsi noqdaan, dedna ku baraarugaan in goor hore u hayaamaan daaqsimaha fog-fog. Taasi waxay sababtay in caaniihii la dhami lahaa ama la iibsan lahaa ay gabaabsi noqdaan. Sidoo kale, waxaa si aad ah hoos u dhacay dhoofinta xoolaha laga soo billaaboo bishii 8aad 2020 waxayn six un u saameysay xoolodhaqatadii iyo reerihii iyagu ka shaqeysanayey ganacsiga xoolaha. Qoysaska saboolka ah ee inta badan habnololeedyada xoolodhaqatada oo heynta xoolo iibsami kara ay ku yaryihii ayaa waxa soo foodsaari doona quud yari dhedhexaad ah ama mid ballaaran tan iyo bartamaha 2021.

Habnololeedyada beer-xoolo dhaqatada, oo dhibaatooyinka saameeyey ay ahaayeen roobabkii goos-gooska ahaa ee telteelka ahaa, Ayaxa Saxraawiga, dhuunqabdarka beeraha, iyo colaadaha sokeeye, qoysaska saboolka ah waxay la kulmeen beerihii oo ka ba'ay iyo dakhligii ka soo gali jirtey shaqada beeraha, waxayna wajahayaan hoos u dhac ballaaran iyo mid meel dhaxaad ee ku yimaada nolol-maalmeedkooda, tan iyo bartamaha 2021. Dadka ku nool dacllada webiyada Shabeelle iyo Jubba, ayaa fatahaadyo soo noqnoqdey baabaiveen dhul beereedka, dalaggii, barakiciyena dadweynihii, taas oo keentey in khasaara weyn uu soo gaaro dalagyadii iyo dakhliga laga helayey shaqooyinka beeraha. Sidaa darteed, qoysas badan oo danyarta reer webiga ayaa iyana wejhi doona quud yari dhedhexaad ah ama mid ballaaran tan iyo bartamaha 2021.

Saamaeynta Roobabkii Deyrta 2020 oo xaaladdodoo liidatay iyo saamaynta ba'an ee ay ku yeesheen hab-nololeedyada reer guuraaga ayaa sidoo kale saamayn xun ku yeeshay sugnaanta cuntada ee Dadka Dalka Gudihiisa Ku Barakacy (IDPs) ee ku nool dhulka reer miyiga

[1] Isku-dhafka Kala-sooca Sugnaanta Cuntada (IPC) waa hormo aaladeed iyo dariiqooyin lagu kala sooco halist sugnaan la'aanta cuntada iyadoo la adeegsanayo shanta-heer cabir ee sida badan laysugu waafaqsanyahay: IPC Heerka 1aad=Dhib-yari; Heerka 2aad=Walaac; Heerka 3aad=B'aan; Heerka 4aad=Halil; iyo Heerka 5aad=Macalulul marka laga hadlayo heerka deegaanka (Heerka 5aad=Dhamaansho ama Halaag ama Baaba' ayaa loo addegsadaa heerka kooxaha qoysask).

Waxa intaa dheer in barakacayaasha ku nool magaaloooyinka badankoodu ay yihiin kuwo sabool ah, ayagoo hantidooda iyo galaangalkooda hab-nololeedba ay xaddidan yihiin si aad ahna ay ugu tiirsan yihiin mucaawimo bani'aadmi oo bannaanka uga timaadda. Natijadiina, in badan oo ka mid ah barakacayaasha (kuwa ku nool miyiga iyo magaaloooyinkaba) ayaa wajahaya isdhin dhanka cuntada oo heer dhexdhexaad iyo mid ballaaramba leh. Qaar ka mid ah saboolka ku nool magaaloooyinka inta badan dalka ayaa waxa ay sii wajahayaan hoos u dhac cunnada la cuno oo heer dhexdhexaad ah iyo kuwo baaxad lehba ee la xiriira cudurka COVID-19.

Marka la eego natijjooyinkii ka soo baxay daraasado xogeed la qabtay bilihii 11aad iyo 12aad ee sannaddii 2020, in ku dhow 1.6 malyuun oo qof ayaa wakhti xaadirkani wajahaya xaalado Ba'an iyo kuwo ka sii daran (Wejiga 3aad ee IPC ama wejiyo ka sarreeya) ilaa iyo bisha 3-aad ee 2021, ayadoo weliba ay jiraan kaalmooyin cunto. Tiro kale oo gaaraysa 2.5 malyuun oo qof ayaa iyana ku sugan xaalado Walaac leh, taasoo ka dhigaysa tirada dadka la daalaa dhacaya sugnaan cunto xumida ba'an 4.1 malyuun oo qof. Kaalmada bani'aadminimo (sugaan cunno iyo nafaqo) iyo taageerada dowladeed oo gaaraysa celcelis ahaan in ka badan 1.8 malyuun oo qof bishiiba intii u dhaxaysay bilahii 7aad iyo 12aad ee sanadda 2020 ayaa waxa ay baajiyeen in ay xaaladaha sugnaanta cuntada iyo nafaqada ee meelo badan oo ka mid ah Soomaaliya ay ka sii daraan.

Inta u dhaxaysa bilaha 4aad iyo 6aad ee sanadda 2021, sugnaanta cuntada ee saboolka ku nool baadiyaha iyo dadka ku barakacsan magaaloooyinka ayaa la filayaa in ay sii xumaato uguna wacan yihiin roobabka Guga 2021 (bilaha 4aad ilaa 6aad) ee soo socda oo la filayo in ay ka hoos mari doonaan heerarka caadiga ah, saamaynta Ayaxa Sxaaraha, saamaynta dhaqan-dhaqaale ee cudurka COVID-19 iyo colaado. Marka la isku soo duubo, 2.7 malyuun oo qof oo ku kala nool dhamaan Soomaaliya ayaa la filayaa in ay wajiji doonaan Xaalado Ba'an iyo kuwo ka sii daran (Wejiga 3aad ee IPC ama wejiyo ka sarreeya) inta u dhaxaysa bilaha 4aad iyo 6aad ee sanadda 2021, waa haddaysan jirin kaalmo bani'aadminimo joogto ah Tiro kale oo gaaraysa 2.9 malyuun oo qof ayaa la filayaa in ay ku sugnaan doonaan xaalado Walaac (Wejiga 2aad ee IPC), taasoo ka dhigaysa tirada guud ee dadka wajahaya sungaan la'aan cunno ba'an 5.6 malyuun oo qof. Waa in la joogteeyaa kaalmada bani'aadminimo tan iyo bartamaha sanadda 2021 si loo baajiyo xaalado Ba'an (Wejiga 3aad ee IPC) ama xaalado Khatar Bani'aadminimo (Wejiga 4aad ee IPC) ayadoo la taageerayo 2.7 malyuun oo qof. Kaalmo dhanka hab-nololeedyada ayaa sidoo kale loo baahan yahay in la gaarsiyo dadka ku sugan xaaladaha Walaac iyo kuwo ka sii daranba (Wejiga 2aad ee IPC ama wejiyada ka sarreeya). Qiyaasahan odoroska ayaa waxa ka baxsan oo aan lagu darin saamaynta ay yeelan karaan kaalmada bani'aadminimo, maadaama xogaha kaalmooyinka cunto iyo midda lacageed ee qorsheyan qoondadooda kharashna baxsan tahay ee ilaa iyo bisha 6aad ee sanadda 2021 oo aan diyaar ahayn xilliga falanqayntan la sameynayey.
